

Medicare Health Outcomes Survey (HOS) 2015-2017 Cohort 18 Performance Measurement: Participating MAOs

In January 2018, the Centers for Medicare & Medicaid Services (CMS) updated the list of Medicare Advantage Organizations (MAOs) to identify the MAO reporting units that would be included in the HOS *Cohort 18 Performance Measurement* analysis. The December 2017 CMS Monthly Enrollment by Contract Report of Medicare Advantage/Part D Health Plans available at <http://go.cms.gov/mapddata>, and the August 2017 Health Plan Management System (HPMS) Contract List were used to create the following table, in order to accurately reflect the organization and product names associated with the *Cohort 18 Performance Measurement* reporting. Information in the table may have changed since December 2017.

The MAO table is sorted by state. A key to the table is included at the end of the section.

Reporting Unit	MAO Organization Name	MAO Product Name	MAO State	Plan Type
H0104	BLUE CROSS AND BLUE SHIELD OF ALABAMA	BLUE ADVANTAGE (PPO)	AL	Local PPO

Key to the Table of Participating MAOs

Category	Abbreviation	Definition
PLAN TYPE	HMO/ HMOPOS	<p>Health Maintenance Organization/Point of Service</p> <p>An HMO assumes the financial risks associated with providing medical services and the responsibility for health care delivery in a geographic area for HMO members, usually in return for a fixed, prepaid fee. Financial risks may be shared with providers participating in the HMO. A POS plan resembles an HMO plan for in-network services. Reimbursement for out-of-network providers is based on a fee schedule or customary and reasonable charges.</p>
	Local PPO	<p>Local Preferred Provider Organization (Local PPO)</p> <p>A PPO is a plan that has a network of providers that have agreed to a contractually specified reimbursement for covered benefits with the organization offering the plan; provides for reimbursement for all covered benefits regardless of whether the benefits are provided within the network; and is offered by an organization that is not licensed or organized under state law as an HMO. Local PPOs are plans that serve the counties the PPO chooses to include in its service area.</p>
	Regional PPO	<p>Regional Preferred Provider Organization (Regional PPO)</p> <p>Regional PPOs are plans that serve one of 26 regions established by Medicare. These may be single state or multi-state areas.</p>
	PFFS	<p>Private Fee-for-Service (PFFS) Contract</p> <p>A PFFS plan is offered by a state licensed risk bearing entity that has a yearly contract with CMS to provide beneficiaries with all their Medicare benefits plus any additional benefits the company decides to provide. MAO beneficiaries can see any provider who is eligible to receive payment from Medicare and agrees to accept payment from the PFFS MAO.</p>
	1876 Cost	<p>1876 Cost Contract</p> <p>In 1876 Cost Contracts, Medicare beneficiaries are not restricted to the HMO or Competitive Medical Plan (CMP) for receipt of covered Medicare services. Medicare payment to the HMO/CMP is based on reasonable costs of providing services to the MAO beneficiaries.</p>
	MSA	<p>Medical Savings Account (MSA) Contract</p> <p>An MSA plan combines a high-deductible health plan with a medical savings account. Enrollees of Medicare MSA plans can initially use their savings account to help pay for health care, and then will have coverage through a high-deductible insurance plan once they reach their deductible. Medicare MSA plans provide Medicare beneficiaries with more control over health care utilization, while still providing coverage against catastrophic health expenses.</p>
	MMP	<p>Medicare-Medicaid Plan (MMP)</p> <p>An MMP is a demonstration plan that coordinates benefits between the Federal Government and states to provide quality health care services to beneficiaries who are enrolled in both the Medicare and Medicaid programs (Medicare-Medicaid enrollees, sometimes referred to as “dual eligible” beneficiaries).</p>

Category	Abbreviation	Definition
STATE	AK – WV, DC, PR, VI	<p>Two Letter State Abbreviation</p> <p>Typically, the plan state is determined at the MAO level and is assigned to the state in which an MAO is reported. The field may represent any of the 50 U.S. states of Alaska (AK) through West Virginia (WV), as well as the District of Columbia (DC), and U.S. territories of Puerto Rico (PR), and the Virgin Islands (VI).</p>
	FS, RS	<p>State Abbreviations for Regional PPO and PFFS Contracts</p> <p>Regional PPO and PFFS contracts, which may represent beneficiaries from multi-county or multi-state regions, are assigned unique state designations in the table of RS for Regional PPOs or FS for PFFS contracts]. These MAOs are included in the national HOS performance measurement sample; however, they are not reported in any particular state or region.</p>
